Committed to the future of Knox County and its changing and diverse needs, Knox County Head Start works in partnership with the community to provide quality preschool, childcare, and family services. Our purpose is to engage children, families, and staff in reaching their full potential. The primary mission of Head Start and Early Head Start services is to provide comprehensive health, educational, social-emotional, nutritional, mental health and family services to economically disadvantaged young children and their families.

Form 990, Part III, Line 4a

Head Start is a federally funded, comprehensive developmental preschool program for income eligible children ages three to five and their families. Knox County Head Start, Inc. receives grants from the Federal Department of Health and Human Services for the operation of the program. There is no fee to participate in the program. In the 2017-2018 School Year, Knox County Head Start served 227 children in 181 funded Head Start slots. Children served received screenings for health issues, including physicals, lead and hemoglobin screenings, speech, hearing and developmental screenings; dental screenings; and mental health screenings. Seventy-one (71) children, or 31% of children served, required follow up medical care, and 66, or 93% of those children received the needed follow up care. Forty-four (44) children, or 19% of children served, required follow up dental care, and 31 of those children received the care needed, for a dental follow up rate of 70%. Forty-four (44) children, or 19.4% of the total children served, were identified as children with disabilities receiving services under an Individualized Education Plan in partnership with local education agencies. Sixty-seven children, or 29.5% of children served, received mental health consultation services.

Children served in the Head Start program showed gains in developmental categories related to school readiness, including language development, literacy, mathematics, cognitive development, social-emotional development, and physical development, including gross motor and fine motor development. During the school year, 85 four-year old children (transitioning to kindergarten at the end of the school year) entered classrooms and were assessed according to widely held developmental expectations. Seventy-seven children had assessments completed in both the fall and spring checkpoints. At entry, average score in each developmental domain was near or below the bottom of the widely held developmental expectations range; at exit, all scores were within widely held expectations (WHE) and the growth expectation was met in all categories, with October 2017 and May 2018 scores listed below:

1. Social-emotional: at entry (Oct. 2017) 43.9; May 2018: 50.2 (scores between 46 and 61 are within the range of widely held developmental expectations)
2. Physical: at entry 27.7 (Oct. 2017); May 2018: 33.2 (scores between 29 and 39 are within the range of widely held developmental expectations)
